- Hi Joy,

-

- I think we should show members, particularly leaders like Joe Pickens, Trey Traviesa, Ray Sansom, and Steve Wise and Lisa Carlton what you sent and what Juhan sent, and what I sent, so they can see we have been "warning them." We should probably do that face to face so we can be sure they know we were being good. Also staff in the House and Senate including John. What do you think? We will have time this week.
